一、平台愿景 Vision

我们的愿景是创建一个完全个性化的在线人工智能学校平台，通过先进的AI代理技术，提供量身定制的教育体验，实现“每位学生拥有专属的学校”。

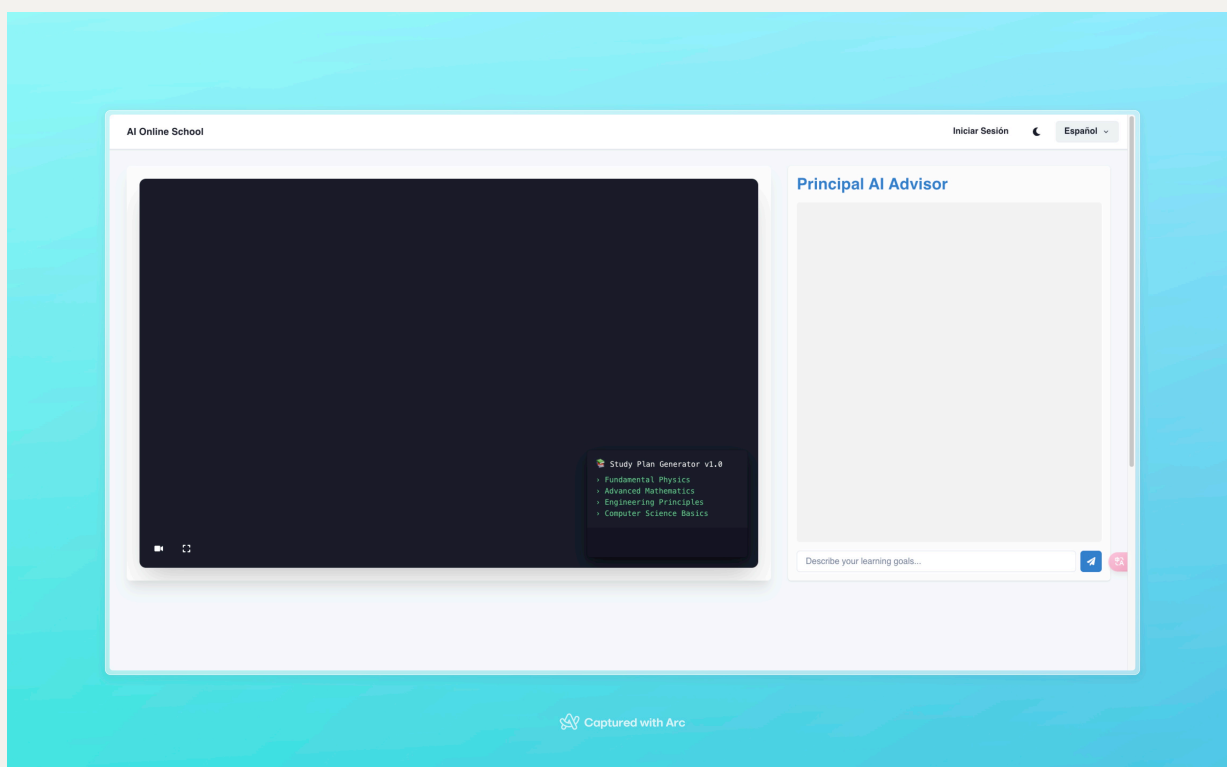

Our vision is to create a fully personalized online AI-powered education platform that leverages advanced AI agents to deliver tailored educational experiences, providing "each student with their own personalized school."

二、核心概念 Core Concepts

1. 校长AI代理（Principal AI Agent）：

通过理解学生的个人目标和兴趣，制定个性化的总体学习路径。

a. 交互 纯视频通话 + 文字聊天【可以砍掉】

Principal AI agents design personalized overall learning pathways by understanding individual student goals and interests.

2. 学科院长AI代理（Dean AI Agents）：

负责设计并实施详细的科目学习计划，以支持学生具体目标的达成。

a. 可以是内部 agent（用户不需要知道）

Dean AI agents design and implement detailed subject-specific learning plans aligned to students' specific objectives.

3. 教师AI代理（Teacher AI Agents）：

提供互动式一对一教学，支持视频互动、共享数字白板、动态内容生成和实时沟通。

a. 用户输入/平台输出

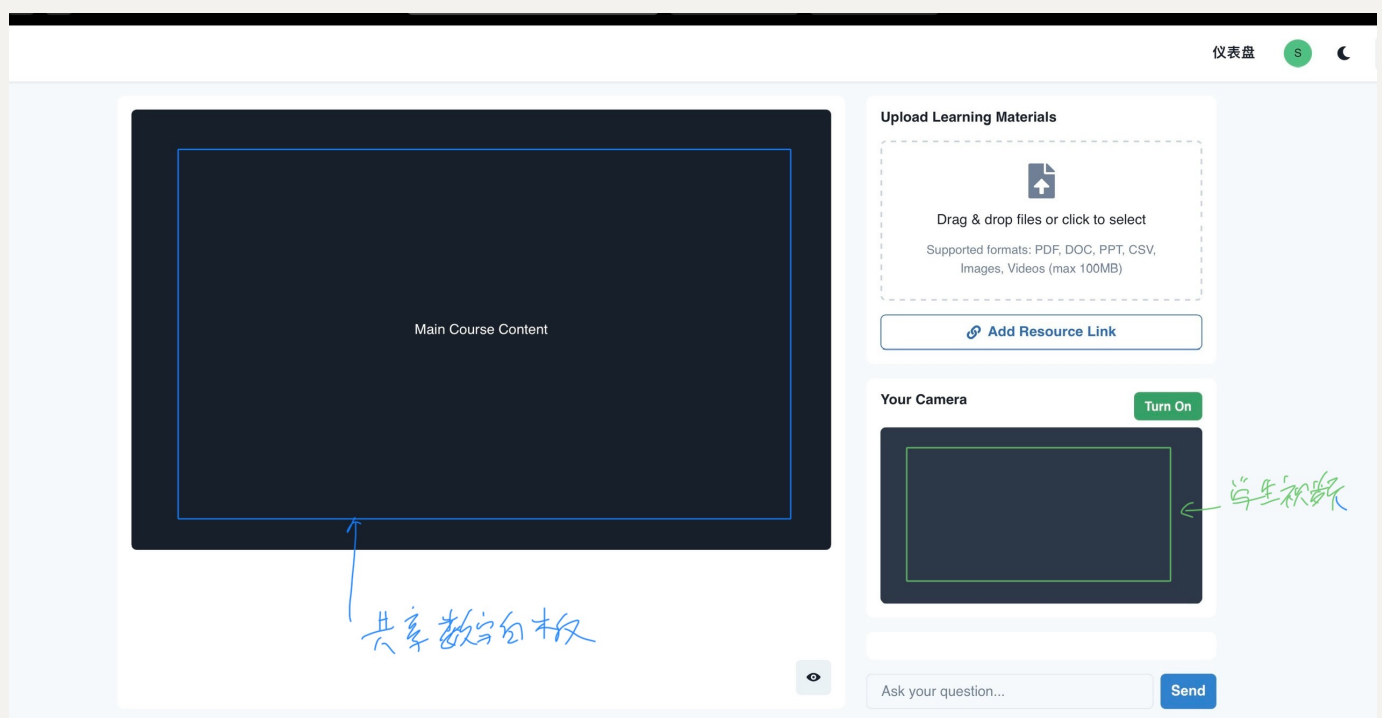

i. 用户输入：声音+视频 {Like a face-to-face video call}，用户对学习内容有一定决定权 -> 上传参考视频 和 文档

ii. 输出：AI 输出文字 + 视频 + 等等 到 共享数字白板

b. 共享数字白板

i. 一块白板学生 和 AI老师都可以在上面添加文字，图片，视频等材料根据

ii. 将作为主要的教学交互

Teacher AI agents deliver interactive one-on-one teaching sessions featuring video interactions, shared digital whiteboards, dynamic content generation, and real-time communication.

三、市场战略与定位 Market Strategy and Positioning

我们的目标市场集中在美国和中国，借助AI的多语言能力克服语言障碍，瞄准两大主要人群：

Our primary markets are the United States and China, leveraging AI's multilingual capabilities to overcome language barriers, targeting two primary segments:

- 6-12学生 (6-12 Students)
- 成人学习者与职业技能提升群体 (Adult Learners and Upskilling Professionals)

四、竞争分析与差异化竞争优势 Competitive Analysis & Differentiators

与市场现有产品（如Khan Academy的Khanmigo）相比，我们的平台具备以下关键差异化竞争优势：

Compared to existing products (e.g., Khan Academy's Khanmigo), our platform provides key differentiators:

- 完整的个性化学校体验 (Comprehensive personalized schooling experience)
- 多层次AI代理互动 (Multi-level AI agent interaction)
- 全方位、多学科综合学习路径 (Holistic multi-subject integrated learning paths)
- 深度个性化定制与实时互动教学 (Deep personalization and real-time interactive teaching)
- 全球市场的多语言支持 (Multilingual support for global markets)

五、商业模式与营收潜力 Business Model and Revenue Potential

初期商业模式包括B2C订阅制【主要】、B2B学校与企业授权模式，以及免费试用增值服务模式，以吸引并转化用户。

Initial business models include B2C subscriptions, B2B school and enterprise licensing, and a freemium model to attract and convert users.

通过规模效应、技术优化及持续市场扩张，预期达到高利润率及可观营收规模。

Anticipated high profit margins and significant revenue scale achieved through economies of scale, technological optimization, and continuous market expansion.
